

NDOA's Centenary Year continues to be a virtual one, with physical meetings off-limits for a little while longer, but the Association continues to be very active with a programme of new and interesting Zoom meetings, and the launch of our Centenary Organ Scholarships and Centenary Composition Competition. Those of our churches which have not been able hold services in recent weeks are beginning to think about resuming worship, and we have some suggestions for music to enliven and enrich your playing.

New members. We are delighted to welcome Steve Bell, Peter Butt, Alistair Frier, Sheila Jackson, the Revd Greg Shaw and Giles Shaw, and Stephen Taylor who have all joined us in the past month. It is so good to have you with us, and we look forward to meeting you both virtually and in person as circumstances permit. If there is anything we can do to make your membership more enjoyable, do please let Helen or Richard know via the contact details overleaf.

Zooming in... We have no fewer than three varied and exciting topics for our Zoom meetings in March and April:

- On **Saturday 6th March at 2pm**, our President Elect **Jonathan Kingston** will make a fascinating presentation to us on the linked topics of **Making the most of a digital Organ** and **Word-painting in hymns and psalms**. This promises to be a really enjoyable exposition of the intricacies of registration.
- On **Saturday 20th March at 5pm**, we are delighted to welcome **Bill Czelusniak** of **Czelusniak et Dugal, Inc**, organ-builders of Northampton, Massachusetts. The firm cares for many of the organs in and around our sister city of Northampton, and Bill has generously offered to speak about their work and the organs in their care. Sincere thanks must go to Bill, and also go to our friends in the Springfield Chapter of the American Guild of Organists, and particularly to Martha Sienkiewicz, their Dean, for arranging this presentation.
- On **Saturday 10th April at 5pm**, we will host **Daniel Moulton in Conversation**. Daniel will be well-known to many of us as an international concert organist of the highest order, Head of Organ Studies at Birmingham Conservatoire, and presenter of the seminal Fugue State Films video and CD presentation *The English Organ*. Daniel has kindly agreed to speak about his career, his work, and his music, and to answer questions. We are privileged to have Daniel with us and are very grateful to him. Not to be missed!

Do make every effort to join us for these Zoom meetings, which we hope you will find enjoyable and interesting. Each is intended to last for a maximum of 90 minutes. If you're not familiar with Zoom, contact us in advance and we'll gladly talk you through the set-up. If you're a not already a member but would like to join the Zoom event, do please contact us as overleaf.

NDOA Centenary Organ Scholarships. We are welcoming applications from young organists in or around Northamptonshire for a number of organ scholarships to celebrate our centenary. The scholarships will award £100 to be used towards the purchase of music, shoes or other materials to support organ studies, together with recital and concert performing opportunities, assistance in finding a suitable church or parish for experience and practice, and free NDOA membership. Application is by submission of an audio recording, together with a reference from the applicant's piano or organ teacher, to our President Elect, Jonathan Kingston. Full details of the scholarships and how to apply, together with Jonathan's contact details, are on the scholarship flyer which accompanies this edition of *Newsletter Extra*.

NDOA Centenary Composition Competition. We are also welcoming entries from both students and adults for our Centenary Composition Competition. Entrants are asked to compose a short Fanfare for Organ. Winners will receive a number of benefits, including a prize of £100 for the winning entry in each category, and subject to the discretion of the publishers, the winning entries will be published in the forthcoming NDOA Centenary Organ Book. We also hope to offer performing opportunities in the NDOA calendar of events when we can. Lee Dunleavy has most kindly devised the details of the competition for the Association, and his contact details, together with full details of the competition, eligibility, and how to apply are on the competition flyer which accompanies this edition of *Newsletter Extra*.

We hope the scholarships and competition will help to encourage others in the love of organ music. Do please apply if you are eligible, and pass on the details and flyers to music teachers, students, and others who may be interested.

Callum Alger FRCO. We are delighted to report that our member Callum Alger, former organ scholar at St Matthew's, Northampton, has been awarded the Fellowship Diploma, together with the Turpin and Durrant Prizes. We are delighted to send our congratulations to Callum.

Imogen Morgan FRCO. We are equally delighted to hear that Imogen Morgan, Peterborough Cathedral's organ scholar, has also been awarded the Fellowship Diploma, and won the Harding/Durrant Prize for the best written papers. NDOA also congratulates Imogen on such a splendid achievement.

NDOA Programme changes. Although Covid restrictions mean we will not be able to visit Thorpe Underwood Hall and Harrington church as planned in April, with sincere thanks to Benedict and Katherine Cadbury we have most generously been invited to do so instead on Bank Holiday Monday 30th August. Do put the date in your diary now. Sadly, we are also unable to hold the planned Young Organists' Day at Stony Stratford on 15th May, but it will be included in our 2022 programme in order to give participants time to prepare for and enjoy the day. In the meantime intending participants are most welcome to join the Association - details below.

Membership of the Association is available to anyone interested in the organ, at the rate of only £10 for 2021 individual membership, £15 for corporate and family membership, and free for students up to the age of 22. If you're reading this and aren't a member, we would love you to come and join us. If you're already a member, do please encourage your friends and organ contacts to join. Details can be found at www.northamptonorganists.org.uk/join.
