July events. Do join us for three superb events in July. First of all, at 4pm on Friday 9th July, we have **Richard McVeigh in conversation** by Zoom. Over the past year, Richard has celebrated the organ and its music, building a brand-new online community which now showcases organ recitals, a weekly virtual church, a monthly organ compline, organ albums, masterclasses, tutorials and the rich opportunities which Hauptwerk now provides. Through Beauty in Sound, Richard has commissioned a brand-new Hauptwerk console modelled on the console of York Minster, currently in construction. He has also built a supportive community through Patreon at [BEAUTY in SOUND is creating a friendly community who share a love of music and each other. x | Patreon.](#) Richard will speak about Beauty in Sound, his passion for the organ, and the amazing community which is Beauty in Sound. Online joining details will be circulated to members.

Then at 11am on Saturday 10th July, why not book to enjoy **Bach to the Future** live at St Mary's Wellingborough and hear **Lee Dunleavy**, St Mary's DoM, and **Michael Chamberlain**, organ-scholar elect at the University of St Andrews and winner of the junior category of NDOA's centenary composition competition playing Bach, Mendelssohn and Messiaen. Please note that because of ongoing Covid-19 restrictions **advance booking is essential, tickets are limited and must be booked in advance** through Eventbrite at <http://www.eventbrite.co.uk/e/bach-to-the-future-tickets-160000155773>. Please don't just turn up on the day as sadly you will be turned away!

Finally, Dianne Rechel of the Springfield Chapter of the American Guild of Organists extends an amazing invitation to NDOA members on behalf of our friends there: "One opportunity that none of us will have this summer is to visit the grand cathedral of **Notre Dame in Paris** or to hear its organ played. To that end, we have arranged something special. On **Saturday July 17th at 3pm BST** we will be bringing the Notre Dame cathedral to your lounge! That's right - a pre-fire video tour will be shown, followed by some recorded clips of the instrument played by Olivier Latty, followed by a live Q&A session with M. Latty via Zoom. This is sure to be a fascinating and unique event where you will get to meet this great organist 'up close and personal'. The sound quality will be handled by an outside technical wizard who broadcasts music through a different music feed system which has much better sound quality than Zoom."

"In order to attend, please email agospringfieldma@gmail.com indicating your interest. There is an attendance cap so don't delay! A Zoom access link will be sent to you two days before the event. This is part of an effort by the Friends of Notre Dame to raise awareness and funds (nearly \$2bn) needed for the restoration. The Springfield Chapter will be making a donation."

Live classical music is back in Wellingborough! Director of Music at St Mary's **Lee Dunleavy** gives an organ recital alongside organ scholar elect at the University of St Andrews **Michael Chamberlain**. Each performer will play one work by Bach, one by Mendelssohn, and one by Messiaen. Because of ongoing Covid-19 restrictions tickets are limited and **must be booked in advance** through www.eventbrite.co.uk Face coverings should be worn (unless exempt) and social distancing maintained. The doors will open at 10:30AM.

You can hear Michael's playing at St Mary's, Wellingborough, on Saturday 10th July - see overleaf. More details of the winners and their entries can be found in the latest issue of NDOA's quarterly *Newsletter*, which has just been published.

Centenary Organ Scholarships. Just a reminder that we are continuing to welcome applications from young organists in or around Northamptonshire for a number of organ scholarships to celebrate our centenary. The scholarships will award £100 to be used towards the purchase of music, shoes or other materials to support organ studies, together with recital and concert performing opportunities, assistance in finding a suitable church or parish for experience and practice, and free NDOA membership. Full details of the scholarships, eligibility, and how to apply are on our website.
